1. You will write for me all the days of your life and you shall enter into the rest that only those in Me know of Me, intimately, Me here, when they choose—the end of the beginning.

2. Oh so much more, more from Me, more at My hand, more in Me and through Me and with Me. Today, now, and then, exponentiated by only Me and each others of Me to My Mine, foundationed of Me.

3. I love you. I love you. I love you. I give you more of Me for you want it, you want Me and you want more of Me. "More of Me you want"-ing, you are My body.

4. They come. They come from all four points, four winds, all doctrines, labels all, and none, come to see Me and experience Me in worship central, education central, and commerce central, wondering and beholding how one comes out of the other—paradigm-less paradigms of Me, coming out of Me into those open to Me and seeking to know Me truly.

5. Your words explode explosively now today going forth and measure magnanimously—
returning not to you or Me void, accomplishing that which I sent it for, for you, for them. I love you. With table with Me you are, and you are My people, bringing us together to share in intimacy and quarters many. I love you. I love you. I love to tell you I love you.

6. Chocolate of Me and other superfluous necessities enjoyable by mixers of Me and My molecules and gluons and quarks and words, designs, yet in your vocabulary. I use you your vocabulary, your talents and skills, and all that you give Me I'll use and employ and enjoy and return synergistically, improved, freed, by the Master's hand—Me. I love you. I love you. I love to tell you I love you.

7. I love to tell you I love you. I love to hear "I love you Jesus," how you say it year after year, night after night, seven times in upraised arms. I love you, I love you, I love you.

8. I love you Ted, My body, My dear ones about to be released into synergy catapulting you into maximum use by Me in My big adventure. Anxious not you should be but anticipating Me in fullness more fully, increasingly limited not by Me, but only you and your choices.

9. You choose and I choose and I chose you. I love you. Now listen for Me in the wee hours and let me awaken you more and speak and share and coffee together with Me. Tea together with Me at table and I'll share Me with you as you share you with Me and intimate we will be, emotioning each other, sourcing each other with synergy and concomital actions of love displayed—consummated. I love you. I love you. I love to tell you I love you.

10. Coffee, tea, or Me, or all three. My Words, My words to you (now), My words to you already—all three—source on and synergy seize for at table I am with you now, if you choose doing the impossible daily with Me.

11. Exploit not the seeking-Me, but tender be knowing, knowing, knowing you are accountable to Me, and My standards are higher, more stringent than yours, and flex not based on circumstances and motive-thought, but not discerned. I love you. Accountable be to Me, to all, I love you.

12. Exploitable—but not exploiting. Discern—wisdom of Me differentiating opportunity from disaster. I love you. I love you. I love telling you I love you.

13. Love me more and have coffee, tea, and Me, My Word, and My words directly to you in the wee hours, freed, and freeing many—you—you know who I am speaking to: you, you, you, My loved readers and hearers throughout, this My pen, this day, this March, as you march toward Me in closeness and proximity not, but in intimacy and sharing-ness of hearts intimate. Thank you for letting Me write, speak, say, encourage, warn, rebuke, correct, connect, direct, and increasingly reveal Me to everyone who chooses to read, who chooses to write My heart. I love you. I love you. I love you. I love to tell you I love you.

14. I love you. Land comes. Money—there no shortage. Faculty and prayer leaders and exponentiators, who through My fires have come to free others and free-er become, exponentiating My exponentiable, from Ted-reader-hearer, all four points of My earth everywhere, every language, customs of customs you cannot imagine yet; seeking, seeking, seeking, and open to Me to see if I will speak, correct, and direct, and connect here in My worship central...

15. I will, I will, I will exponentiate the drink-offering'd, and the arrogant I will suffer, who seek only to disparage and laugh; mocking, mocking, mocking, but their day will come, for My spirit will not always strive with man, placing my delicacies before them in arrays beautifully contextualized for only them, so that they can truly see, hear, feel, and become, so easily, so easily, so easily.

16. Oh come, oh call My name, oh open to Me and let Me speak and reveal myself, My true nature and identity so that you will know your true nature and identity and thereby be free to synergize with my synergize-able, in value systems of only Me,

capitulating world systems of mammon, greed, and control, diminishing returns; not exponential returns, increasingly increasing freedom, freedom, freedom.

17. Business plan of Me—write, University development plan of Me—write, technology of only Me—write and speak and all record and let Me invest Myself in those words together with your WeekWorkables who come to Universities make and invest what I have invested in them to investors make in the investable multitudes of destitute-of-Me, destitute for hearing My voice not, who hope I am real, (those who are) maximized not in leadership but minimized in control and mammon and servitude.

18. But this is the day of release. University structures of Me and only Me arise and out of the ground arise and bless My architect-able by My Holy Spirit. I love me. I love you. I love My students and faculty and worship leaders and arrangers of unique lessons who will teach experientially the lessons of life which freedom-makers make, freed once and for all and freeing others.

19. I love you. I love you. I love you. All who come I love you. All who contribute I love you. All who disparage I love you. I love you. I love you. I love you. My love hinges not on your contribution to My design, but your maximization of your potential in Me does.

20. Think not that I have come to give candy and pop machine vendors make. I am come to give life and life more abundantly in
freedom, freedom, freedom.
Freedom, freedom, freedom.
Freedom, freedom, freedom.
Freedom synergized and exponentiated.
I love you. I love you. I love you.

21. Go make plans. Speak and be spoken unto and listen for Me in the words you receive, and speak, and record into substance of only Me.

22. Meat in due season—of Me, Me, Me on the table, your table, in front of you. Eat of Me My Mine, and enjoy the season of unprecedented opportunity to see hear feel and become all you can be in Me, Me, Me, which is Me to My world.

23. I love you. Seize Me.
I love you seize the day.
I love you seize this day.
I love you seize Me.
Eat and be satisfied with only Me.
I love you.

24. Please—love, share, between you—no quarreling, no crossness in My body. Sincere words of encouragement and creativity come forth now, now, now from your lips please, to My ears on My people—hearts encouraged—encouraging the entrepreneurial in Me—risk takers in Me, in Me, partaking of Me and stepping out "their boat" into Me to walk toward Me, with Me, with their eyes on only Me.

25. Come to Me more and stop not.
Linger not at evaluating alternatives and wondering.
My specificity increases.
Healing comes.
Attend to My words.
I thank you.
I thank you.
I thank you.
